

DILLON BEACH, OCEANA MARIN AND LAWSON'S LANDING AREA

First typed by D. L. Smith, Oct. 1998, then updated May 2004, and 22 July 2006 - a fiercely hot day, 20 April 2010, for nomenclature change, Nov. 2012 .

Most records are from Wilma Follette's CNPS group's field trip to the area of Lawson's Landing in late May 2004. All previous lists are here combined (J.T. Howell, W. Follette et al. and info. from Dr. Robert West, who was once a resident of Oceana Marin, the northern part of Dillon Beach).

This list does not include "Elephant Rocks", town of Tomales or roadside plants by the Walker Creek Estuary.
