

Island Morning Glory

Calystegia macrostegia

Susan Frommer

vine

Joe Decruyenaere

Marc Kummel

traits

- Summer semi-deciduous if given no summer water
- 20–30 ft tall
- Plant in full sun along the coast
- If inland, give afternoon shade and additional water
- Grows quickly, very easy to grow
- Trumpet shaped 2-inch white/pale pink flowers Feb to July
- Extremely profuse bloomer
- Great for fences and trellises, but can also be used as a ground cover
- Likes good soil drainage; performs best in sandy or rocky soils
- Cut back vigorously in winter to encourage new growth and flowering

*** Must be grown on a metal or masonry fence for fire safety**
